

## Goal: Transportation Solutions that Support Quality Places to Live, Learn, Work, and Play

**FTP Implementation Committee Champion:** Patricia Steed, Florida Regional Councils Association

**FDOT Champion:** Gail Holley, FDOT State Engineering and Operations Office

### Objectives

1. Plan and develop transportation systems that reflect regional and community values, visions, and needs
2. Increase customer satisfaction with Florida's transportation system
3. Provide convenient, efficient accessibility to the transportation system for Florida's residents and visitors
4. Provide transportation solutions that contribute to improved public health

<p><b>Use regional visions to guide major transportation capacity decisions.</b></p> <p>Continue to encourage broad-based regional visioning processes that link transportation, land use, economic development, community development, and environmental stewardship decisions. Use regional visions to balance statewide and local needs.</p>	1	Mobility Choices Economic Competitiveness Environment & Energy	Performance measures <ul style="list-style-type: none"> <li>• To be developed</li> </ul> Progress indicators <ul style="list-style-type: none"> <li>• Development/update of regional visions</li> <li>• Transportation decisions consistent with regional visions</li> </ul>	Florida DOT (lead) Florida Department of Economic Opportunity Metropolitan Planning Organization Advisory Council Florida Regional Councils Association Florida Association of Counties Florida League of Cities Economic development and business partners Environmental partners	Regional visions developed in Central Florida, Tampa Bay, Northeast Florida, Southeast Florida, the Heartland, and the Emerald Coast. Some regional visions may need to be refreshed; other regions have not yet initiated visioning processes.

<p><b>Continue to coordinate with local governments to better align transportation plans with existing and proposed land use plans.</b></p> <p>Coordinate with and provide technical assistance to local governments as they create or retrofit mobility solutions and land use plans for their communities consistent with local visions and plans. Provide technical support to local governments to identify context sensitive solutions, including updates to design, parking, zoning, access management, and other policies and codes.</p>	1, 3, 4	Mobility Choices	<p>Performance measures</p> <ul style="list-style-type: none"> <li>To be developed</li> </ul> <p>Progress indicators</p> <ul style="list-style-type: none"> <li>Development of innovative transportation/land use strategies</li> </ul>	<p>Florida DOT</p> <p>Florida Department of Economic Opportunity</p> <p>Metropolitan Planning Organization Advisory Council</p> <p>Florida Regional Councils Association</p> <p>Florida Association of Counties</p> <p>Florida League of Cities</p> <p>American Planning Association Florida Chapter</p> <p>Florida Planning and Zoning Association</p> <p>Economic development and business partners</p> <p>Environmental partners</p>	Build on best practices; needs further discussion with partners.
<p><b>Improve understanding of customer needs and values with emphasis on demographic trends such as growth in millennials and older residents.</b></p> <p>Document changes to demographic trends and customer preferences. Identify specific emphasis areas for incorporation in future plans.</p>	1, 2, 3	Safety Infrastructure Mobility Choices	<p>Performance measures</p> <ul style="list-style-type: none"> <li>Customer survey results</li> <li>Other TBD</li> </ul> <p>Progress indicators</p> <ul style="list-style-type: none"> <li>Identification of emphasis areas/strategies</li> </ul>	<p>Florida DOT (lead)</p> <p>Florida Department of Economic Opportunity</p> <p>Metropolitan Planning Organization Advisory Council</p> <p>Florida Regional Councils Association</p> <p>Florida Association of Counties</p> <p>Florida League of Cities</p> <p>Modal partners</p>	Build on existing research and existing programs (e.g., Safe Mobility for Life)
<p><b>Develop approaches for closer alignment of transportation and public health plans.</b></p> <p>Collaborate with health partners to identify specific emphasis areas and strategies.</p>	4		<p>Performance measures</p> <ul style="list-style-type: none"> <li>TBD</li> </ul> <p>Progress indicators</p> <ul style="list-style-type: none"> <li>Identification of emphasis areas/strategies</li> </ul>	<p>Florida DOT</p> <p>Florida Department of Health</p> <p>Modal partners</p> <p>Medical/first response partners</p> <p>Educators</p>	Needs further discussion with partners
