- **6th Steering Committee meeting – October 23**

FTP and SIS Policy Plan Outreach Activities

- **MPOs**
- **Rural and Nonmetropolitan**
- **Modal groups**
- **Business and Economic Development**
- **State agencies**
- **Environmental stakeholders**

Millennial Survey

Preliminary Results

- **Big picture objectives:**
 - » How people travel
 - » Attitudes toward travel
 - » Impact of technology
- **Millennials ages 18-34**
- **Residents and future visitors**

Millennial Survey

Preliminary Results – How People Travel

- Majority of residents use their own cars
- Non-car use for errands/activities

	Commute to Work		Errands/Activities	
	Residents	Visitors	Residents	Visitors
Own Car	60	51	52	48
Share Car	13	9	15	13
Local bus	5	8	3	2
Walk	4	10	9	14
Bike	2	1	3	4

Numbers are percentages

Millennial Survey

Preliminary Results – Attitudes Toward Travel

- **Convenience plays a major role in travel mode choice**
 - » Ability to “take it any time”
- **Reliability tops the list**
 - » Also more likely to be mentioned by residents than non-residents when traveling for work or school
- **For some, ability to exercise is top reason**

Millennial Survey

Preliminary Results – Technology & Lifestyle

- **Nearly all believe smartphones make life easier**
- **Nine out of ten rather spend money on experiences than things**
- **Over 80% say we are too reliant on technology yet over 55% trust technology more than humans**
- **Three areas where residents show lower percentages than visitors:**
 - » Make an effort to have more in-person experiences
 - » Plan to always live close to family
 - » Sometimes go for a drive for fun
